The Search for the Right Shoe Stops Here!

If you suffer from certain foot conditions or illnesses that cause foot conditions, leading a mobile, pain-free life can be a constant challenge, and the quest for the right pair of supportive, proper fitting shoes is never-ending. But now that you're at Orthofeet, that quest is over.

Orthofeet's orthotic shoes are biomechanically engineered with unique comfort features to offer the very best solution for sensitive feet and other physical ailments affected by foot problems or poor posture. We combine the very latest, cutting-edge athletic footwear technology and therapeutic detailing to bring you the highest level of comfort and protection for your feet, knees and lower back.

Wide Toe Box & Extended Widths

Unique wider than average toe box and multiple widths up to extra extra wide, offer plenty of room and a pressure free fit for the toes, including bunions, hammertoes, wide and swollen feet.

Protective interior

Soft & thick padded interior is also seam free, providing comfort and protection for sensitive feet such as neuropathy, diabetes and arthritis.

Flexible Uppers

Soft flexible materials contour to the foot shape and provide a pressure free fit. Ideal for bunions, hammertoes, swollen feet, and sensitive feet such as neuropathy, diabetes and arthritis.

Hands Free Technology

Say goodbye to bending down and tying laces. Patented technology provides easy on/off – just step in and go. Great for those with difficulty bending down, knee pain, arthritis, back pain, mobility issues and more.
