

OrthoFeet®

Support That **MOVES** You

Support Every Step of the Way

If you suffer from certain foot problems or conditions that cause foot problems, a mobile, pain-free life can be a constant challenge, and the search for the right pair of supportive, well-fitting shoes can seem endless. But now that you're with Orthofeet, that search is over.

Orthofeet's orthopedic shoes are biomechanically designed and feature unique comfort elements to provide the best solution for sensitive feet and other physical ailments caused by foot problems or poor posture. We combine the latest, most advanced technology for sports-specific footwear with therapeutic details to offer you maximum comfort and protection for your feet, knees, and lower back.

Premium ORTHOTIC INSOLE

The integrated Ortho-Cushion™ insoles with dual-density cushioning gently absorb shock from heel to toe, reduce impact stress, and bring noticeable lightness to every step.

Multilayer
Cushioning

Arch
Support

Sweat Wicking
Fabric

Arch Booster

The OrthoFeet Arch Booster® can be placed under the orthotic insole to enhance arch support and reduce pressure on the foot.

Benefits For Over 20 Conditions

Including:

What's **IN THE BOX**

Fitting Spacers

4 included spacers let you customize the space inside the shoe. 2 thicknesses offer multiple fit-adjustment options.

Arch Boosters*

OrthoFeet Arch Boosters® that can be placed under the orthotic insole to enhance arch support and reduce pressure on the foot.

The included arch boosters and fitting spacers let you increase support and customize the fit to your individual needs.

*Not included with select styles.

Features

HANDS FREE

Bending down and tying laces are a thing of the past. Patented technology makes shoes easy to put on and take off — simply step in and go. Ideal for people with difficulty bending, knee pain, arthritis, back pain, mobility issues, and more.

WIDE TOE BOX

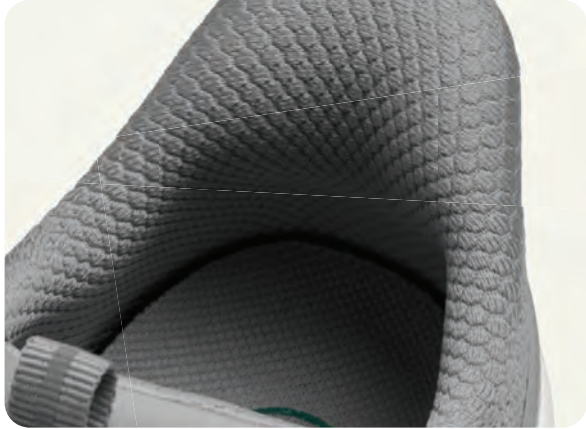

The unique, extra-wide toe box and multiple widths up to extra-extra-wide provide plenty of room and a pressure-free fit for the toes, even with bunions, hammertoes, wide feet, and swollen feet.

ARCH SUPPORT

Each pair provides orthopedic-grade arch support that reduces pressure and supports healthy alignment from the very first step. This helps relieve stress on arches, heels, and joints all day long, while balanced weight distribution promotes a more natural, comfortable gait.

Features

PROTECTIVE INTERIOR

The interior padding gently cradles your feet and helps protect them from everyday friction and impact. The soft, padded lining reduces pressure points and skin irritation, making it a thoughtful choice for people with neuropathy, diabetes, or sensitive skin.

CUSHIONING

Every step is supported by cushioning that moves with your natural motion. Multi-layer cushioning absorbs shock from heel to toe and helps protect your joints. The rocker-inspired sole promotes a smoother gait and makes movement feel lighter and more effortless.

STRETCHABLE

Soft, flexible materials adapt to the foot shape and ensure a pressure-free fit. Ideal for bunions, hammer toes, swollen feet, and sensitive feet such as those affected by neuropathy, diabetes, and arthritis.

Support That Moves You

I have a heel spur and, in a moment of desperation, spontaneously ordered these shoes. Now I only wear these shoes, despite having custom orthotics from my doctor. They're a godsend!

Heike H. - Verified Customer

Very nice shoe, I can walk in it perfectly, it doesn't pinch or rub. Even with my orthotics.

Ineke W. - Verified Customer

Perfect shoes for my plantar fasciitis. I can walk pain-free with these shoes. Great quality and fast delivery.

Uwe S. - Verified Customer

OrthoFeet®

de.orthofeet.com

A full-page photograph of three people on a golf course. On the left, a man in a light blue polo shirt and khaki pants is high-fiving a woman in the center. The woman is wearing a dark blue sleeveless dress, a white visor, and white sneakers, and is holding a golf club. On the right, another man in a white polo shirt and light-colored shorts is smiling. They are standing on a green with a white flag in the background. The text 'Trusted for Relief. Designed for Life.' is overlaid in the center.

Trusted for Relief. Designed for Life.
